

St. James School

Grade ½ October Newsflash

Dear Parents,

September has been a very busy month for your child and they tire easily. Therefore, please make sure that your child is in bed no later than 8 p.m. so that they are prepared and rested, ready to learn the following school day.

Just another reminder that Mondays are library days. Students are **not** allowed to obtain another book if the previous one is not returned. The 10 class books also are sent home on Monday for the whole week and all 10 books are to be returned the following Monday. If they are not returned on Monday they will **not** be switched until the following Monday. Some books sent home will have activities. Please always return books and activities.

Don't forget water bottles and nutritious snacks are encouraged daily.

Words sent home are sight words to be practised for **READING**. New, high frequency words in the planner are for recognition.

Also, math activity books will be sent home at the end of each chapter. Please review the new concept with your child. If anyone has pumpkins to donate to make pumpkin muffins for Thanksgiving and Jack-o-lanterns for Halloween, please bring them in. Thanks for your cooperation.

Gwen Hugill
